

GARLIC FLAVOR

DESCRIPTION

Garlic Flavor is a dog food additive to improve both the taste and aroma appeal of feed products.

APPLICATIONS

Use Garlic Flavor in both dry and canned dog rations for initial acceptance and continuous appeal.

FEATURES AND BENEFITS

Garlic Flavor is a special blend of concentrated garlic and other essential oils that make all dog food formulations more appealing and palatable. Extremely potent, it requires only small portions for effectiveness and is, therefore, very economical. Garlic Flavor helps establish a uniform flavor, offers excellent heat stability, and is easy to use.

RECOMMENDED FEED BLEND

Use 1/2 to 1 pound per ton of feed.

INGREDIENTS

Garlic Flavor is a blend of garlic, concentrates, other essential oils, roughage products, and TBHQ (to preserve flavor).

APPEARANCE

Garlic Flavor is a finely textured, yellow, free-flowing granular material.

COMPATIBILITY

It is safe and effective with all ingredients normally used in animal feeds.

PURITY

It is manufactured and sold in strict compliance with the U.S. Food and Drug Administration's standards for purity and quality.

Standard packaging for dry-formulations is a 50 lb. Bulk bag. Products can also be packaged in a range of 1 to 2 ½ lbs. heat-sealed packets upon request.

For further details, consult your Agri-Flavors representative or call the factory direct.

*Optional packet sizes available upon request.
